

THE ARTIST

by Ed Vere

One brave little artist goes on one epic adventure to share her art, and in doing so learns that it doesn't matter if you colour outside the lines and that art is full of heart.

A joyful story to read together and discover that maybe you are an artist too!

Drawing fun!

Drawing together is a great activity to fire up your child's imagination and get them talking and expressing themselves.

There are so many benefits from drawing:

It can help children to:

- Think imaginatively
- Express themselves
- Talk about their interests
- Let you know how they are feeling

Let your child lead the conversation and talk about what they are drawing, like the family in the video below.

Little Miss Muffet

*Little Miss Muffet,
sat on a tuffet,
eating her curds and whey.
There came a big spider,
and sat down beside her,
and frightened Miss Muffet away.*

Singing and adding actions to rhymes encourages children to express themselves in a creative way.

Children could pretend to be different characters too. Why not have a go as you say this rhyme together?

- Can you make your hand into a wiggly spider?
- Can you pretend to be frightened like Miss Muffet?
