THE GREATEST SHOW ON EARTH

by Mini Grey

Take your seats for the true story of the **ENTIRE** history of planet Earth. A whistle-stop tour through 4.6 billion years.

This book introduces lots of scientific words, use the glossary at the back of the book to find out what they mean.

Bug Hunt

A minibeast hunt is a brilliant way for children to get up close to nature. Although minibeasts, like butterflies, bees and beetles, are more active in spring and summer, you'll find things all year round if you look carefully. So, get out into your garden or your local wood and see what you can find!

For advice and a checklist of creatures you might discover visit the Woodland Trust website:

Help your child learn new words.

Children need to know lots of different words in order to be able to talk in sentences and tell stories. Knowing lots of words also helps children when they learn to read and write, and it helps them to do better at school.

Find out how you can help your child to learn new words and what to do if you are worried about your child's speech and language.

Dinosaurs

(Sing along to the tune of 'The Wheels on the Bus')

The big dinosaurs go stamp, stamp, stamp, stamp, stamp, stamp, stamp, stamp. The big dinosaurs go, stamp, stamp, all day long.

The fierce dinosaurs go, roar, roar, roar...

The baby dinosaurs go, stomp, stomp, stomp...

The hungry dinosaurs go, chomp, chomp, chomp...
