Art by Youth in Care

Are you care-experienced between the ages of 12-26, and based in the UK?
We want to see your art and creative self-expression at OXO Gallery in London
end of October!

We are organising an art exhibition and competition to hear and see the
voices of the young people in care. You can submit any medium that
functions in an exhibition space. Submissions close 13th of September
midnight, but you can submit your interest in participating now.
